Instructions:

Use this spreadsheet to divide one church check among many campers. Money cannot be applied to a camper unless they have already registered online for camp.

Our scholarship program has had significant changes. Please see information online about Tiered Pricing. Scholarships will be applied to campers' accounts once awarded. Awarded amounts will be posted in the Group Leader section of the SC website in late-April.

This check amount should equal the total amount listed in the third column. If you have two checks, you need two spreadsheets.

Final Balances: June camps are due June 1. July camps are due June 15.
