

Summer Camp

What to Bring List

Before you arrive:

- Online Medical Form & Permission to Check-out Form – located in the online registration system [here](#) – These very important forms must be filled out before we can accept a camper into our care. Within the online registration system, look for: **Camper Medical Form New** - this is health history, permission to treat, and insurance information. **Permission to Check-out** – this form tells us who is allowed to pick up your camper on Saturday morning. If your camper is driving and checking themselves out, please write that. Check the Notifications area, it will list any remaining tasks.

Available in your vehicle (not packed away), bring into Lodge for Registration:

- Any medications that the camper will need during their week of camp; these will be left with and dispensed by the Health Center Staff. Medication must be enclosed in a pharmacy labeled container with your child's name or their original over the counter packaging. Please make sure each medication is listed and scheduled in the online registration system, [here](#).
- Spending money to purchase a Camper Fun Card. These cards can be used at the Camp Store during the week (optional)
- \$7.00 for the Camp Group Picture (optional)

Packing List for a fun week at Camp:

(Label everything with the camper's name and try to pack in one container, suitcase or duffle bag)
