

Ready to Register?

From the [ASA website](#), click on the blue REGISTER button at the top.

This will take you to our online registration system where you will enter or create a username and password for your family's account. Please remember these since you will return to this online registration system to make payments and register for future events like day camps, spring break camp or summer day camps and overnight camps.

If this is your first time using our online registration system, you will begin by entering information about your child and your family. It is important to use up-to-date phone numbers and email addresses since this will be the main ways we contact your family.

You will be required to enter Guardian 1 and an Emergency Contact. We would also like you to add a Guardian 2. When we send out email notifications, only Guardian 1 and Guardian 2 receive these emails.

When the system asks you to [Select Program From Available Sessions](#), you are looking for:

2022 After School Adventures Application Aug 10 2022—Dec 16 2022

Then select one of the following:

Online Application: 3-Days a Week

Online Application: 5-Days a Week

Please remember, this is just an application. Completing this process and making the first payment does not guarantee admission. However, the application and first payment must be completed before we can begin the admission process. The required first payment goes towards the first session your child attends, or (in the event the application is declined) will be fully refunded.

On the Forms Page, you will complete multiple forms. Click on the name of the form and complete it before moving on to the next form. All forms must be completed before moving on. Click Save/Next when all forms are complete.

Once Forms are complete, you will be taken to a page where it asks: [What would you like to do?](#)

Most likely, you will either select:

Add New Camper, to add another new child to the account and begin their registration process. (OR)

View Dashboard > Campers, to select another child who has been to camp before to begin their registration process.

View Dashboard > Make a Payment, to make a payment.

If you have more than one child who will attend, you must complete an application for each child.

Once you have entered each child, look for the blue [Make A Payment](#) button on the Dashboard (main home page).

When all payments have been made, you have completed the online registration application.

You will receive an emailed receipt of your payment immediately.

Once the camp staff have reviewed your application, you will be contacted to discuss our admissions process. Applications submitted without payment are considered incomplete.

We look forward to working with your family soon!
